SUBJECT INDEX

A

Abdominal aortic aneurysm, ruptured, 912
  endovascular repair of, 1111
Abdominal closure, temporary, in peritonitis, 249
Abdominal cocoon, in intestinal obstruction, 1133
Abdominal compartment syndrome, delayed closure in, 10
Abdominal computed tomography
  in low-grade splenic injury, 13
  in negative appendectomy rates and cost reduction, 580
Abdominal surgery
  instruments retained after, 1083
  in laparoscopic cholecystectomy outcome, 371
Abdominal trauma
  blunt, chyloperitoneum after, 811
  gastric injuries after, 880
Abscess, thyroid, case report and literature review of, 725
Accreditation Council on Graduate Medical Education, changes imposed by, 97
Accreditation process, for graduate medical education, 136
Achalasia
  esophagogastro-Roux-en-Y jejunostomy for recurrent, 930
  value of scoring, 327
Acid-suppressive therapy, for penetrating gastric ulcer, 82
Acute respiratory distress syndrome (ARDS), lung protective ventilation strategies for, 347
Adam's Stages, in achalasia treatment outcomes, 327
Adenocarcinoma
  apocrine infiltrating, 307
  of colon, en bloc resection for, 1063
  primary umbilical, case report and literature review of, 923
  small bowel, complicating Crohn's disease, 1181
Adhesiolysis, laparoscopic, for small bowel obstruction, 773
Administrative data, in measuring surgical quality, 199
Adrenal insufficiency, statistical predictive model for in trauma patients, 210
Adrenal mass, retroperitoneal foregut duplication cyst presenting as, 89
Aggressive management, for pulseless and apneic trauma patients, 62
Aging population
  in healthcare changes, 100
  lung cancer resection in, 22
Alcoholic patients, stress-reducing, low-dose ethanol infusion and surgical bleeding complications in, 192
Allogeneic blood transfusion, as predictor of mortality after blunt trauma, 1
Altered mental status, compartment syndrome diagnosis and management with, 1199
American Board of Surgery (ABS)
  certification of, 143
  Early Specialization Program of, 97
American Board of Thoracic Surgery (ABTS), training programs of, 114
American College of Surgeons, view of changing surgical residency education paradigm, 120
American Surgical Association (ASA), raising standards of, 130
Amyand hernia, classification system for, 1288
Anal sphincter defect, in fecal incontinence, 6
Anastomosis
  delayed colonic, after damage control laparotomy, 606
  safety of for acute diverticulitis complications, 787
Anatomico-laparoscopic findings, in approach to appendectomy in children, 814
Anesthetic, local, for postoperative pain management, 618
Aneurysm
  aortic debranching for repair of, 32
  mycotic infrarenal aortic, after pancreatic pseudocyst drainage, 1266
  ruptured abdominal aortic
    endovascular repair of, 1111
    ruptured abdominal aortic, 912
Angioembolization, early selective in blunt splenic injury outcome, 897
Angiofollicular lymph node hyperplasia, pancreas involved in, 1284
Anoscopy, intraoperative high-resolution, for Bowen's disease, 1279
Antibiotic-resistant infections, sternoclavicular joint, 729
Antibiotics
  for acute appendicitis, 1161
  for perforated appendicitis in children, 917
Anticoagulation, in spontaneous hepatic hemorrhage, 1147
Aorta
  debranching, for descending thoracic aortic aneurysm repair, 32
  occult injury of, after penetrating abdominal trauma, 239
Aortic aneurysm
  aortic debranching for, 32
  infrarenal endovascular, delayed neurologic deficit after repair of, 385
  ruptured, 912, 1111
APACHE II score, in diverticulitis classification for complications, 787
Apneic trauma patients, management of, 62
Apocrine adenocarcinoma, infiltrating, with extramammary pagetoid spread, 307
Aponeurotic repair techniques, for lumbar hernia, 54
Appendectomy
  abdominal CT to reduce negatives rates of, 580
  for acute right colonic diverticulitis, 1237
  anatomico-laparoscopic-based approach to in children, 814
  versus antibiotic treatment for acute appendicitis, 1161
  interval, for perforated appendicitis in children, 917
  open, outcome in, 737
Appendicitis
  acute, antibiotic treatment of, 1161
  acute, neuroma of appendix in, 841
  complicated, 737
  in hernia sac, 1288
  perforated
    abdominal CT for, 1002
  perforated, in children, antibiotics and interval appendectomy for, 917
  ruling out, 1232
  as surgical emergency, 626
Appendix, asymptomatic intussusception of secondary to endometriosis, 299
Arterial trauma, gunshot, 1136
Arteriovenous fistula, femoral pseudoaneurysm and, 227
Aspergillosis, invasive pulmonary, thoracoscopic lingulectomy for, 279
Aspirin, postoperative, effects of, 1126
Augmentation mammoplasty, lymphatic mapping for breast cancer after, 981
Autoimmunity, in mesenteric lipodystrophy of left colon, 1242
Axilla, rare cysts of, 909

B

B-cell lymphoma, of cystic biliary duct, obstructive jaundice after, 508
Ballistic arterial trauma, in lower extremity, 1136
Bariatric surgery
  developing program for, 1092
  failure to follow-up after, 181
  high BMI and complications of, 959
  systematic and evidence-based approach in outcomes of, 955
Battlefield deaths, of Confederate generals in Civil War, 760
Beta blockers, preoperative, myocardial infarction risk and, 1166
Bicyclists, handlebar injuries in, 807

Bile peritonitis, prevention of after nonoperative liver injury treatment, 611
Biliary colic, metastatic malignant melanoma of gallbladder presenting as, 833
Biliary obstruction, acute cholangitis with, 949
Billroth II anastomosis, for extended retroperitoneal abscess, 85
Biofeedback, for fecal incontinence, 6
Biomarkers, in incisional hernias, 561
Blalock, Alfred, friendship and letters with Tinsley Harrison of, 318
Bleeding complications, stress-reducing, low-dose ethanol infusion and, 192
Blood exposure, risks of in operating room, 637
Blood transfusions
  as predictor of mortality after blunt trauma, 1
  recombinant factor VII to reduce use of, 818
Bloodborne pathogens, from blood exposure in operating room, 637
Blunt trauma
  abdominal
    chyloperitoneum after, 811
    with pediatric liver trauma, 37
  blood transfusion as predictor of mortality after, 1
  cardiac impalement from rib after, 465
  gastric, 880
    prognostic factors in, 48
  head
    CT brain density measurement in predicting elevated ICP after, 1023
    without intracranial pressure monitoring, 447
  intraabdominal injury with, 1035
  liver, bile peritonitis prevention after treatment of, 611
  morbid obesity and mortality in, 1122
  recombinant factor VII in control of hemorrhage from, 818
  renal artery occlusion after, 351
  screening for thoracolumbar spine injury in, 780
  serious hemorrhage with, 1269
  splenic
    angioembolization in outcome of, 897
    nonoperative management of in elderly, 585
  to thyroid, thyroid storm induced by, 1247
Board certification, evolution of, 143
Body mass index (BMI)
  in laparoscopic Roux-en-Y gastric bypass complications, 955
  in palpability of breast cancer, 555
Boerhaave's syndrome, transabdominal management of, 511
Bogota bag, for temporary abdominal closure in peritonitis, 249
Bowen's disease, intraoperative high-resolution anoscopy in, 1279
Bracketing wire, preoperative, in breast surgery, 574
Brain density measurement, for blunt head trauma, 1023
Breast
  accessory tissue of, 525
  columnar cell lesions with atypia, excision of, 984
  epithelial membrane markers of in predicting breast cancer, 973
  malignant phyllodes tumors of, 967
  mass of in male, Rosai-Dorfman disease presenting as, 294
Breast cancer
  body mass index in diagnosis of, 555
  columnar cell lesions with atypia as risk factor for, 984
  early stage treatment of, inner city women's preferences and, 215
  intraoperative margins of, enhanced touch preps in interpreting, 973
  invasive, initial margin status and residual carcinoma after reexcision of, 337
  locally advanced, sentinel lymph node biopsy for, 977
  lymphatic mapping for after augmentation mammoplasty, 981
  MRI in detection of, 970
  standardized uptake values for, 1151
Breast-conservation therapy
  initial margin status for residual carcinoma after, 337
  interpreting intraoperative margins in, 973
  women's preferences for, 215
Breast surgery techniques, preoperative bracketing wire in, 574
Bronchogenic cysts, retroperitoneal, 89
Bullet embolus, to heart, 1245
Burn patterns, in child abuse, 253
Bursting strength evaluation, in incisional hernia, 722

C

Cancer stage, of breast cancer at diagnosis, 555
Carcinoma, poorly differentiated, in Warthin's tumor of parotid gland, 397
Cardiac herniation, after intrapericardial pneumonectomy and cardiac tamponade, 906
Cardiac tamponade, after intracardial pneumonectomy, 906
Cardiopulmonary bypass, off-pump *versus* conventional, 296
Cardiopulmonary resuscitation, for pulseless and apneic trauma patients, 62
Cardiothoracic surgery, changes in training for, 155
Cardiovascular disease, predictors of survival in, 697
Carotid angioplasty, safety of in community hospitals, 543
Carotid endarterectomy, common carotid artery imbrication with, 276
Carotid kinking, postoperative, prevention of, 276
Castleman disease, involving pancreas, 1284
Cecal epiploic appendagitis, diagnosis and therapy for, 828
Central line simulation, training algorithm for, 680
Central venous catheters, complications of in neutropenic children, 1079
Central venous sampling, for intraoperative parathyroid hormone monitoring, 712
Certification
  Maintenance of, 143
  for vascular surgery practice, 152
Cervical spine injury, assessment for additional spinal trauma in, 70
Chemotherapy, for retroperitoneal and visceral sarcomas, 631
Chest
  CT *versus* repeat radiographs of after penetrating thoracic trauma, 569
  recombinant factor VII in control of hemorrhage from trauma to, 818
  serial radiography of, after penetrating thoracic trauma, 569
Chest wall fractures, operative fixation of, 591
Child abuse, burn pattern in, 253
Cholangitis, admission prognostic indicators and outcomes for, 949
Cholecystectomy
  indication of without gallstones or abnormal ejection fraction, 689
  laparoscopic
    acute cholecystitis, obesity, and previous abdominal surgery in outcome of, 371
    timing of for acute cholecystitis, 1188
    vasculobiliary injury after, 888
  partial, in emergency treatment of cholecystitis, 498
Cholecystitis
  complex acute, emergency treatment options for, 498
  in laparoscopic cholecystectomy outcome, 371
  timing laparoscopic cholecystectomy for, 1188
Cholecystokinin injection, reproducing postprandial symptoms, 689
Choledocholithiasis, economic analysis of hospital charges for, 472
Cholescintigraphy, qualitative, with cholecystokinin injection, 689
Chyloperitoneum, after blunt abdominal injury, 811
Civil War, morbidity and mortality of Confederate generals during, 760
Cloquet, Jules Germain, 1169
Colectomy
  outcomes of right *versus* left at academic centers, 945
  predicting unplanned hospital readmission after, 998
  total abdominal, patient satisfaction and outcomes of, 709
Colitis
  cytomegalovirus, mimicking recurrent inflammatory bowel disease, 58
  hospital readmission after colectomy for, 998
  ischemic, 400
Collagen
  abnormal composition of in recurrent incisional hernia patients, 1254

implanted for patch repair of ileoanal pouch-vaginal fistula, 514
types of, as biomarkers for incisional hernias, 561
Colon
anterior mediastinal herniation of, 367
cancer of
radioguided sentinel node identification in, 222
with situs inversus, 931
lipoma of, atypical CT findings in (letter), 417
locally advanced right adenocarcinoma of, en bloc duodenal resection for, 1063
mesenteric lipodystrophy of, 1242
Colonic resection, after damage control laparotomy, 606
Colonoscopy, splenic rupture with, 393
Colorectal cancer
left-sided, flexible sigmoidoscopy for, 994
metastasis of presenting as testicular mass, 79
stage II, predictors of distant metastasis and mortality in, 230
in young patient, 42
Colorectal resection, outcome analysis of, 991
Columnar cell lesions with atypia, breast, excision of, 984
Common carotid artery imbrication, with carotid endarterectomy, 276
Community-associated sepsis, methicillin-resistant *Staphylococcus aureus in*, 684
Community practice/hospital
abdominal CT for perforated appendicitis in, 1002
endovascular repair of ruptured abdominal aortic aneurysms in, 1111
laparoscopic approach in complicated appendicitis in, 737
predictors of survival after major vascular surgery in, 697
ruptured abdominal aortic aneurysm in, 912
safety of carotid angioplasty and stenting in, 543
Compartment syndromes
diagnosis and management of, 1199
with protracted surgery in lithotomy position, 19
Compensated shock, near-infrared spectroscopy in screening for, 1017
Competency-based advancement, in general surgery, 109
Computed tomography (CT)
abdominal, for perforated appendicitis, 1002
for additional spinal trauma in cervical spine injury, 70
atypical finding in colonic lipoma (letter), 417
in brain density measurement for blunt head trauma, 1023
for intestinal obstruction and ileus, 1210
in managing intussusception in adults, 1098
mapping pancreas tail and splenic hilum, 890
versus repeat chest radiographs after penetrating thoracic trauma, 569
for right lower quadrant abdominal pain in reproductive-age women, 580
to rule out appendicitis, 1232
scout anteroposterior and lateral, in thoracolumbar spine trauma screening, 780
Conn's syndrome, endoscopic adrenalectomy for, 174
Conservative treatment
for acute right colonic diverticulitis, 1237
of nongangrenous esophageal and gastric pneumatosis, 862
Coronary artery
mammography in screening for disease of, 717
repair of traumatic injuries of, 296
Coronary artery bypass, off-pump, for traumatic coronary artery injuries, 296
Council of Medical Education and Hospitals, graduate medical education standards of, 136
Crack pipe, ingested, 1144
Critical care training, perceptions and attitudes of, 433
Critically ill trauma patients
early glucose normalization in, 769
poor glycemic control and increased mortality in, 454
Crohn's disease, small bowel adenocarcinoma complicating, 1181
Curriculum-based training, for general surgery, 109
Cystic duct, biliary B-cell lymphoma of, 508
Cysts
of axilla, rare, 909
retroperitoneal foregut duplication, 89
Cytokeratin immunostain-probe, in sentinel node identification, 222
Cytomegalovirus colitis, mimicking recurrent inflammatory bowel disease, 58

D

Damage control laparotomy, delayed closure in, 10
Decision making, of residents, 548
Deep vein thrombosis
risk of with endovascular cooling, 461
in trauma patients, 1173, 1228
Delayed closure, in damage control laparotomy, 10
Diabetes, in pressure ulcer risk, 1215
Diaphragm
posttraumatic hernia of, 845
recurrent metastases with infiltration to, 884
traumatic right tears of, minimally invasive diagnosis of, 388
Differentiated thyroid cancer, posttreatment surveillance of, 1052
Diverticular disease, with unborn enterolith, 703
Diverticulectomy, for acute right colonic diverticulitis, 1237
Diverticulitis
acute right colonic, conservative treatment for, 1237
anastomosis in management of complications of, 787
septic thrombophlebitis of inferior mesenteric vein in, 404
Dowd technique, for lumbar hernia repair, 54
Ductal carcinoma in situ, columnar cell lesions with atypia and, 984
Duodenum
benign neoplasms of, resection of, 1086
diverticulum perforation of, extended retroperitoneal abscess caused by, 85
en bloc resection of for colon adenocarcinoma, 1063
lymphoma of, 1057
Duty hours
restricted, 140
in graduate surgical education attrition, 963
in survival of seriously injured patients, 185
survival of seriously injured patients and, 185
for women residents, 161

E

E-cadherin, in predicting breast cancer, 973
Early mobilization, in pressure ulcer prevention, 1215
Eckardt Score, in achalasia treatment outcomes, 327
Editorial comments, 854, 856
Education. *See* Surgical education
Eikenella corrodens, in necrotizing fasciitis after inguinal hernia repair, 876
Elderly
lung cancer resection in, 22
medical admission of for traumatic injuries, 851, 854, 856
nonoperative management of blunt splenic trauma in, 585
trauma appraisal in, 354
Electrocardiographic change, predictors of, 697
Electrocautery, in laparoscopic nonanatomic hepatic resection, 987
Electromyographic recordings, of anal sphincters in fecal incontinence, 6
Emergency surgery
for acute appendicitis, 626
training for, 157
Emergent trauma surgery, retained foreign bodies after, 1031
En bloc resection, for locally advanced right colon adenocarcinoma, 1063
End-stage renal disease, surgical revascularization in, 598
Endometriosis, asymptomatic intussusception of appendix secondary to, 299
Endoscopic adrenalectomy, long-term results of in Conn's syndrome, 174
Endoscopic gastrostomy, percutaneous, pneumoperitoneum after, 765

Endoscopy
aberrant right subclavian artery and, 1259
surgeon-performed, in rural *versus* non-rural setting, 903
Endovascular cooling, risk of deep venous thrombosis with, 461
Endovascular repair, of ruptured abdominal aortic aneurysms, 1111
Endovascular stent, for traumatic renal artery occlusion, 351
Enterocutaneous fistula, from incomplete operations, 75
Enterolith, unborn, presenting as small bowel obstruction, 703
Enteroscopy, retained video capsule after, 1140
Epiploic appendagitis, misdiagnosis of, 828
Erratum, 1198
The contribution of acute cholecystitis, obesity, and previous abdominal surgery on the outcome of laparoscopic cholecystectomy (2007:73(4);371–376), 636
High incidence of symptomatic Meckel's diverticulum in patients less than fifty years of age: an indication for resection (2007: 73(3);271–275), 1293
Esophageal pneumatosis, nongangrenous, conservative management of, 862
Esophagogastro-Roux-en-Y jejunostomy, for recurrent achalasia, 930
Esophagus
polypoid spindle cell carcinoma of, 67
retrograde esophageal intubation for injury of, 267
Estrogen replacement, in spontaneous hepatic hemorrhage, 1147
Ethanol infusion, stress-reducing, low-dose, 192
Evidence-based approach, in laparoscopic Roux-en-Y gastric bypass outcomes, 955
Extremity compartment syndromes, diagnosis and management of, 1199

F

Familial adenomatous polyposis, attenuated, variable phenotypic expression of *MYH* gene in siblings with, 1250
Fascia, pragmatic overview for surgeons, 451
Fasciotomy closure, using simultaneous vacuum-assisted closure and hyperbaric oxygen, 261
Fecal diversion, eliminating with colostomy reversal, 664
Fecal incontinence, types of, 6
Feeding tube placement, efficacy of during pancreaticoduodenectomy, 1262
Femoral pseudoaneurysm,
arteriovenous fistula and, 227
Fetal outcome predictors, in pregnant trauma patients, 724
Fine needle aspiration cytology, for pancreatic neoplasms, 94
First assistant billing, by surgical residents, financial impact of, 652
Fixation, of chest wall fractures, 591
Flank wound, penetrating, optimal observation time for, 25
Flexner Report, on medical education, 136
Fluorodeoxyglucose-positron emission tomography, standardized uptake values for breast carcinomas in, 1151
Fluoroscopy, for additional spinal trauma in cervical spine injury, 70
Follow-up, after bariatric surgery, 181
Forced expiratory volume, predicting after pulmonary resection, 1047
Foreign bodies
ingested, management of, 1144
obstetric vacuum in removal from rectum, 304
retained
after surgery, 1031, 1083
after video capsule enteroscopy, 1140
Four-compartment fasciotomy, for lower extremity compartment syndrome, 19
Fournier's gangrene, incarcerated inguinal hernia in, 93
Fractures, chest wall, operative fixation of, 591
Frozen section evaluation, for tumor-negative surgical margins, 973

G

Gallbladder
metastatic malignant melanoma of, 833
ultrasound measurement of wall thickness, 926
Gallstone pancreatitis, in Hispanics, 1071
Gallstones, cholecystectomy without, 689
Ganglion cysts, glenohumeral joint, 909
Gangrene, laparotomy for, 1006
Gastrectomy, subtotal, for extended retroperitoneal abscess, 85
Gastric bypass
high BMI and complications of, 959
systematic and evidence-based approach in outcomes of, 955
Gastric cancer, lymph node metastasis from, classification of, 359
Gastric injury
with blunt trauma, 880
prognostic factors in, 48
Gastric pneumatosis, nongangrenous, conservative management of, 862
Gastric ulcer, penetrating, presenting as subcapsular liver abscess, 82
Gastroduodenal artery, as inflow tract in right hepatic artery repair, 888
Gastroesophageal reflux disease (GERD), ten-year follow up after laparoscopic Nissen fundoplication for, 748
Gastrointestinal stromal tumors (GIST), surgical issues of, 631
Gastrointestinal tract, foreign body ingestion into, 1144
Gastrojejunostomy, morbidity-associated factors after, 871
Gastrostomy, percutaneous endoscopic, pneumoperitoneum after, 765
Gender issues, in surgical training, 161
Giant pelvic solitary fibrous tumor, obstructing intestinal and urinary tract, 478
Giant perirenal liposarcoma, nephron-sparing radical excision of, 377
Glasgow Coma Scale, in evaluating blunt head trauma outcome, 447
Glenohumeral joint ganglion cyst, 909
Glucose serum levels, early normalization of in critically ill trauma outcomes, 769
Glycemic control, poor, in critically ill trauma patients, 454
Graduate medical education (GME) standards, residency review committee and, 136
Graduate surgical education, factors affecting attrition in, 963
Granulomatous mastitis, therapeutic paradigm for, 798
Gunshot wound
of lower extremity, 1136
to neck, bullet embolus to heart after, 1245

H

Hand injury, indicating associated severe injuries, 706
Handlebar injuries, in children, 807
Hanging maneuver
anatomical basis of, 1193
for recurrent metastases with diaphragmatic infiltration, 884
Harmonic scalpel, ultrasonic dissector plus, in liver resection, 256
Harrison, Tinsley, friendship and letters with Alfred Blalock of, 318
Hartmann's colostomy reversal, outcome in, 664
Head and neck
median partial sternotomy adapted in surgery of, 1275
melanoma of, sentinel lymph node biopsy for, 754
Head injury/trauma
CT brain density measurement in predicting elevated ICP after, 1023
outcomes of without intracranial pressure monitoring, 447
with pediatric liver injury, 37
risk of deep venous thrombosis with endovascular cooling in, 461
Healthcare
changing climate of, 100
costs of
abdominal CTs in reproductive-age women and, 580
increasing, 100
of surgical residency, 652
Healthcare insurance, surgical residency costs to, 652
Healthcare professionals, in changing climate, 100
Heart
bullet embolus to, 1245
troponin elevation in, predictors of, 697

Helicobacter pylori eradication, for penetrating gastric ulcer, 82
HELLP syndrome, liver transplantation for, 1013
Hemicolectomy, for acute right colonic diverticulitis, 1237
Hemorrhage
  from chest trauma, recombinant factor VII as adjunct for, 818
  control of in liver injuries, 201
  excess mortality, length of stay, and costs associated with in trauma patients, 1269
  spontaneous hepatic, 1147
Hemorrhoidopexy, stapled, outcomes assessment of, 733
Hepatectomy, right, with hanging maneuver, for recurrent metastases with diaphragmatic infiltration, 884
Hepatic artery repair, gastroduodenal artery as inflow tract to, 888
Hepatic resection, laparoscopic nonanatomic, 987
Hepatitis virus
  from blood exposure in operating room, 637
  hepatocellular carcinoma treatment and, 658
Hepatocellular carcinoma, surgical options for, 658
Hernia
  amyand, classification scheme for, 1288
  anterior mediastinal of transverse colon, 367
  incisional
    biomarkers in, 561
    bursting strength evaluation of, 722
    recurrent, abnormal tissue collagen composition in, 1254
  inguinal
    Eikenella corrodens in necrotizing fasciitis after repair of, 876
    incarcerated, in Fournier's gangrene, 93
  polypropylene underlay patch for, 468
  postsacrectomy perineal, 1129
  posttraumatic, 845
Hernioplasty, open mesh plug inguinal, migration after, 207
Hinchey score, in diverticulitis classification for complications, 787
Hispanics, gallstone pancreatitis in, 1071
HIV infection, from blood exposure in operating room, 637
Hospital costs
  of aggressive measures in pulseless and apneic trauma patients, 62
  for choledocholithiasis, 472
  for serious hemorrhage in trauma patients, 1269
Hospital readmission, after colectomy, predicting, 998
Hyaluronate carboxymethylcellulose (Seprafilm), in pediatric surgical patients, 792
Hydrodissection, in laparoscopic nonanatomic hepatic resection, 987
Hyperbaric oxygen, with vacuum-assisted fasciotomy closure, 261
Hyperglycemia, in critically ill trauma patients, 769
Hyperparathyroidism, tertiary, intraoperative parathyroid hormone assay in, 281
Hypertension, intraabdominal, in septic shock, 865
Hyperthermic limb perfusion, for in-transit metastases from Merkel cell carcinoma (letter), 1921
Hypoperfusion, near-infrared spectroscopy and oxygen delivery changes in, 1017
Hypotension, prehospital IV administration for in penetrating truncal injury, 1027

I

Ileoanal pouch-vaginal fistula, patch repair of, 514
Ileus, CT scan for, 1210
Incisional hernia
  biomarkers in, 561
  bursting strength evaluation of, 722
  recurrent, abnormal tissue collagen composition in, 1254
Incomplete surgery, stump resection from, 75

MMP-2–specific inhibitors, in preventing incisional hernias, 561
Morbidity, after gastrojejunostomy, factors in, 871
Mortality
  after blunt trauma
    blood transfusion as predictor of, 1
    morbid obesity and, 1122
  mild renal dysfunction and, 743
  poor glycemic control and, 454
  predictors of in stage II colorectal cancer, 230
  with serious hemorrhage in trauma patients, 1269
MUC-1 expression, in predicting breast cancer, 973
Multidrug-resistant pathogens, in ventilator-associate pneumonia, 419
Mutant-Y-homologue MYH gene mutations, variable phenotypic expression of in siblings, 1250
Mycotic aneurysm, of infrarenal aorta, after pancreatic pseudocyst drainage, 1266
Myocardial infarction, perioperative, mortality from, 1166

N

N-number classification, of lymph node metastases from gastric cancer, 359
N-Site classification, of lymph node metastases from gastric cancer, 359
Near-infrared spectroscopy, oxygen delivery changes and in altered perfusion, 1017

Neck
bilateral exploration of, alternative to, 669
blunt trauma to, thyroid storm induced by, 1247
gunshot wound to, bullet embolus to heart after, 1245
Necrotizing fasciitis, *Eikenella corrodens* in, 876
Neoadjuvant chemotherapy, sentinel lymph node biopsy after, 977
Neoplasms
benign duodenal, resection of, 1086
pancreatic, fine needle aspiration cytology for, 94
Nephron-sparing radical excision, of giant perirenal liposarcoma, 377
Neurologic deficit, delayed after infrarenal endovascular aortic aneurysm repair, 385
Neuroma, of appendix, 841
Neutropenia, central venous catheter complications in children with, 1079
Nissen fundoplication, laparoscopic, ten-year follow up after, 748
Nonoperative management
of blunt splenic injury
angioembolization and outcome of, 897
in elderly, 585
of liver injuries, 201
preventing bile peritonitis after, 611
Nonsteroidal anti-inflammatory drugs (NSAIDs), for postoperative pain management, 618

O

Obesity
follow-up failure after bariatric surgery for, 181
in laparoscopic cholecystectomy outcome, 371
morbid
in gastric bypass complications, 959
in mortality from blunt trauma, 1122
and postoperative complications in VA surgery population, 1009
Observation time, optimal, for penetrating wound to flank, 25
Obstetric vacuum device, in foreign body removal from rectum, 304
Obstructive rectal cancer, two-stage surgical treatment of, 1218
Obtunded patients, compartment syndrome diagnosis and management in, 1199
Occult aortic injury, after penetrating abdominal trauma, 239
Occupational risks, of blood exposure in OR, 637
Omental flap transposition, anterior mediastinal herniation of transverse colon after, 367
Open mesh plug inguinal hernioplasty, migration after, 207
Open reduction and internal fixation, of chest wall fractures, 591
Operating room, risks of blood exposure in, 637
Operative feeding tubes, during pancreaticoduodenectomy, 1262
Organ tissue damage, after septic shock, 243
Outcome analysis/assessment
of colorectal resection, 991
for hepatocellular carcinoma treatment options, 658
for laparoscopic approach in complicated appendicitis, 737
of revascularization in end-stage renal disease, 598
of stapled hemorrhoidopexy, 733
for total abdominal colectomy, 709
Oxygen delivery, near-infrared spectroscopy and changes in with altered perfusion, 1017

P

Paget's disease, extramammary, infiltrating apocrine adenocarcinoma with, 307
Pain management, after laparoscopic surgery, comparison of methods of, 618
Pancreas
injuries to with pediatric liver trauma, 37
involved in Castleman disease, 1284
neoplasms of, fine needle aspiration cytology for, 94
recurrent metachronous metastatic multifocal renal cell carcinoma of, 407
resection of for metastatic renal cell carcinoma, 1158
solid pseudopapillary tumors of, 290
Pancreatic pseudocyst, chronic infected, mycotic infrarenal aortic aneurysm after drainage of, 1266
Pancreaticoduodenectomy, efficacy of feeding tube placement during, 1262
Pancreatitis
chronic
efficacy of feeding tube placement during pancreaticoduodenectomy for, 1262
Whipple procedure for in Jehovah's Witness (letter), 935
gallstone, 1071
Parathyroid gland
intraoperative identification of, 820
intraoperative monitoring of, 281, 311, 712
Parathyroid hormone assay, intraoperative, 281, 311, 712
Parathyroidectomy
complications of in rural community hospital setting, 332
diminished dose minimally invasive radioguided, 669
Parotid gland, poorly differentiated carcinoma in Warthin's tumor of, 397
Partial fecal incontinence, pathogenesis, clinical presentation, and treatment of, 6
Patient-centered surgery, quality and safety in, 538
Patient satisfaction, with total abdominal colectomy, 709
Patient survival, restricted resident work hours and, 185
Pediatric patients
anatomico-laparoscopic-based approach to appendectomy in, 814
handlebar injuries in, 807
injuries associated with liver trauma in, 37
neutropenic, central venous catheter complications in, 1079
perforated appendicitis in, 917
Seprafilm use in, 792
Penetrating trauma
abdominal, occult aortic injury after, 239
flank, optimal observation time for, 25
serious hemorrhage with, 1269
thoracic, chest CT *versus* serial chest radiographs in, 569
truncal, prehospital IV administration for, 1027
Perineal hernia, postsacrectomy, Surgisis mesh repair of, 1129
Peripheral blood, primitive stem cells mobilized into after trauma, 1106
Peritoneal loose body, giant, 895
Peritonitis
bile, prevention of after nonoperative liver injury treatment, 611
temporary abdominal closure in, 249
Permacol collagen implant, for patch repair of ileoanal pouch-vaginal fistula, 514
Phenotypic expression, variable in identical *MYH* germline mutations in siblings, 1250
Pheochromocytoma, ischemic colitis in, 400
Phlebectomy, light-assisted stab, postoperative experience in, 1067
Physicians, changing career choices for, 100
Pilonidal disease, wide local excision for, 1075
Pneumatosis, nongangrenous esophageal and gastric, conservative management of, 862
Pneumonectomy, intrapericardial, cardiac herniation after, 906
Pneumonia, ventilator-associated, prevention and management strategies of, 419
Pneumoperitoneum, after percutaneous endoscopic gastrostomy, 765
Polyglactin mesh interposition, for laparotomy wound dehiscence, 1224
Polypoid spindle cell carcinoma, of esophagus, 67
Polypropylene underlay patch, improved deployment of, 468
Positron emission tomography (PET)
for breast carcinomas, 1151
in radioactive iodine scan-negative thyroid cancer, 1052
Postoperative complications
infectious, after colectomy for ulcerative or indeterminate colitis, 998
in light-assisted stab phlebectomy, 1067
obesity and in VA surgery patients, 1009
Postprandial symptoms, cholecystokinin injection reproducing, 689

Pregnant women
fetal outcome predictors with traumatic injury to, 724
liver transplantation for HELLP syndrome in, 1013
Presacral bleeding, spray electrocautery for, 410
Presidential address, 529
Pressure ulcers, risk factors for, 1215
Proctosigmoidectomy, with Surgisis mesh repair, 1129
Prognostic indicators
for adrenal insufficiency in trauma patients, 210
for cholangitis outcomes, 949
in gastric trauma, 48
PROLENE hernia system, improved deployment of polypropylene underlay patch of, 468
Prosthetic materials, in lumbar hernia repair, 54
Pseudocyst drainage, mycotic infrarenal aortic aneurysm after, 1266
Pulmonary embolus, in trauma patients, 1173, 1228
Pulmonary resection
for lung cancer in aging population, 22
predicting forced expiratory volume after, 1047
Pulmonectomy, total, in trauma, 381
Pulseless trauma patients, management of, 62

Q

Quality, 538
administrative data in measuring, 199
using administrative data to measure, 199
Quantitative analysis, of organ tissue damage after septic shock, 243

Radiation technologist, squamous cell carcinoma of scrotum in, 302
Radiation therapy
for retroperitoneal and visceral sarcomas, 631
women's preferences for breast cancer treatment and, 215
Radiofrequency ablation
for hepatocellular carcinoma, 658
recurrent metastases with diaphragmatic infiltration after, 884
Radiography
for additional spinal trauma in cervical spine injury, 70
serial chest, for penetrating thoracic trauma, 569
Radioguidance
in minimally invasive parathyroidectomy, 669
in sentinel node identification in colon cancer, 222
Random pattern skin flaps, postoperative aspirin effects on, 1126
Recombinant factor VII, for hemorrhage from chest trauma in Jehovah's Witness, 818
Reconstruction techniques, for lumbar hernia repair, 54
Recruitment, of women and minority students, 161
Rectal cancer
obstructive, two-stage surgical treatment of, 1218
in young patient, 42
Rectal stricture, Surgisis mesh repair of postsacretomy perineal hernia and, 1129
Rectopexy, laparoscopic, 858
Rectum
obstetric vacuum device in foreign body removal from, 304
prolapsed, laparoscopic rectopexy for, 858
Renal artery occlusion, traumatic, in patient with solitary kidney, 351
Renal cell carcinoma
metastatic to pancreas, 1158
pancreatic, recurrent metachronous metastatic multifocal, 407
Renal dysfunction
mild, postoperative mortality and, 743
in traumatic injury outcome, 836
Research, training program for, 171
Residency review committee, and graduate medical education, 136
Resident training
changing educational paradigm of, 120
factors affecting attrition in, 963
for general surgery, 109
women in, 161
Residents
first assistant billing by, 652
how they think and make medical decisions, 548
perceptions and attitudes of critical care training and careers among, 433
Residual carcinoma, initial margin status for invasive breast cancer and, 337
Retention issues, for women residents, 161
Retrograde esophageal intubation, for intrathoracic esophageal injury, 267
Retroperitoneum
abscess of, extended, with duodenal diverticulum perforation, 85
foregut duplication cyst of, presenting as adrenal mass, 89
sarcomas of, surgical issues of, 631
Revascularization, in end-stage renal disease, 598
Rib
cardiac impalement from, 465
fractures of, operative fixation of, 591
Rosai-Dorfman disease, presenting as male breast mass, 294
Rural communities
surgeon performed endoscopy in, 903
surgical training for, 148
Rural hospitals
complications of thyroidectomy and parathyroidectomy in, 332
flexible sigmoidoscopy for left-sided colorectal cancer in, 994

S

Sacrectomy, perineal hernias after, 1129
Safety
of carotid angioplasty and stenting in community hospitals, 543
surgical, 538

chest CT *versus* serial chest radiographs in, 569
primitive stem cells mobilized after, 1106
prophylactic inferior vena cava filter insertion for (letter), 1197
pulseless and apneic, management of, 62
renal artery occlusion after, 351
renal dysfunction in outcome of, 836
screening for thoracolumbar spine injury in, 780
splenic, angioembolization in outcome of, 897
surgery for
retained foreign bodies after, 1031
training for, 157
total pulmonectomy in, 381
truncal, prehospital IV administration for, 1027
Trauma awareness programs, 62
Trauma care practice, changes in, 438
Trauma patients
critically ill, early glucose normalization in, 769
lung protective ventilation strategies for, 347
methamphetamine use in, 1044
poor glycemic control and increased mortality in, 454
pregnant, fetal outcome predictors in, 724
serious hemorrhage in, excess mortality, length of stay, and costs associated with, 1269
statistical predictive model for adrenal insufficiency in, 210
superior mesenteric artery syndrome in, 803
swallowing disorders in, 1117
venous thromboembolic events in, 1173, 1228
Tumor capsular invasion, in well-differentiated thyroid carcinomas, 484
Tumor-negative surgical margins, in breast conservation therapy, 973
Tumors
at aortoiliac/inferior vena cava bifurcation, 440
resection of for insulinoma, 520
Two-stage surgery, of unresectable obstructive rectal cancer, 1218

U

Ulcerative colitis, hospital readmission after colectomy for, 998
Ultrasonic dissector plus harmonic scalpel, in liver resection, 256
Ultrasound, preoperative, for gallbladder wall thickness, 926
Umbilical adenocarcinoma, case report and literature review of, 923
Urban communities, surgeon performed endoscopy in, 903
Urge fecal incontinence, pathogenesis, clinical presentation, and treatment of, 6
Urinary tract obstruction, giant pelvic solitary fibrous tumor in, 478

V

Vacuum-assisted closure, with hyperbaric oxygen, 261
Vantrappen Classification, in achalasia treatment outcomes, 327
Vascular surgery
evolution of practice and training in, 152
risk factors and predictors of survival after, 697
Vasculobiliary injury, after laparoscopic cholecystectomy, 888
Vena cava bifurcation, tumors at, 440
Veno-venous bypass, for aortoiliac/inferior vena cava bifurcation tumors, 440
Venous injury, lower extremity, ligation for, 1039
Venous thromboembolic events, in trauma patients, 1173, 1228
Ventilator-associated pneumonia, prevention and management strategies of, 419
Veterans Affairs medical center, obesity and postoperative complications in, 1009
Viral infections, from blood exposure in operating room, 637
Viscera
ischemia of, laparotomy for, 1006
posttraumatic hernia of, 845
sarcomas of, surgical issues in, 631
Volume-outcome debate (letter), 936
Volvulus, small bowel, mesh plug migration in, 796

W

Warthin's tumor, or parotid gland, poorly differentiated carcinoma in, 397
Weight loss, after bariatric surgery, 181
Whipple procedure, for chronic pancreatitis in Jehovah's Witness (letter), 935
Wide local excision, for pilonidal disease, 1075
Wire localization, mammogram-guided, 574
Wireless Video Capsule enteroscopy, retained capsule after, 1140
Wittmann patch, in damage control laparotomy, 10
Women
healthcare preferences of in early stage breast cancer treatment, 215
issues of in surgical training, 161
older, spontaneous hepatic hemorrhage in, 1147
reproductive-age, abdominal CT scanning in for right lower quadrant abdominal pain, 580
ruling out appendicitis in, 1232
Work hours. *See* Duty hours
Workforce issues, medical personnel, 100
Wound dehiscence, after laparotomy, management of, 1224
Wound infections
postoperative, in animals and man (letter), 934
as predictor of incisional hernia, 561

X

X-radiography, for additional spinal trauma in cervical spine injury, 70

Y

Young patients, colorectal cancer in, 42
